Sterling's 1943 Catalog

"Dreams and thoughts and deeds,
Plants and bulbs and seeds,
Frost and heat and soil,
Tears and sweat and toil,
Bugs and worms and blight,
Joy, fulfillment and pure delight,
That's what a True Gardener is made of."

The above doggerel is more truth than poetry, but a T. G. must have three qualifications to make a real success. First, enthusiasm for his work. Second, good, hard, common sense and last, but by no means least, patience.

Plans for your garden should be made in February or March, the location selected and the seeds ordered in proportion to the size of the garden.

In buying seeds and plants do not be influenced by price alone as the proportionate price of your seed compared to the crop is so small that really the price is of the least consideration.

Any good soil is suitable for your garden. If you can plow under a coat of manure so much the better. Also broadcast some fertilizer, not too much, and harrow in and then when seeds are up, a little 3-8-7 Victory Fertilizer sowed alongside the row and cultivated and hoed in, helps to keep your garden growing as it is important that the plants be fed. One thing is of great importance and that is, do not set plants or sow seed directly into fertilizer. That is the cause of many failures as the fertilizer will burn and destroy the small rootlets of the seedlings or plants. Another cause of failure, is planting your seeds too deep, especially in heavy soil. A good rule is to cover your seeds about five times their diameter and firm the soil well over the seed.

Now you have your garden started, the more you can cultivate and hoe it, the easier to keep the weeds down and the plants growing, especially when small.

Of course there will be bugs and worms and blights, quite serious if weather conditions are either too dry or too wet. A good dusting or spraying of Bordo Mixture will control the blights and Arsenates or Pyrethrum will take care of the bugs and worms. A Nicotine Spray or Dust takes care of Aphis if properly applied.

Remember that most of your garden crops need a sweet soil, so a little lime applied right after plowing and raked thoroughly into the soil is well worth the effort and expense. Here are a few of the crops that need a 6 pH range or better, or in other words a sweet soil: Beans, Asparagus, Limas, Beets, Brussels Sprouts, Cabbage, Cauliflower, Carrot, Celery, Corn, Cucumber, Lettuce, Muskmelons, Onions, Peas, Radish, Spinach, Squash, Tomato and Turnips.

In conclusion let me emphasize that second requisite, hard, common sense. Then you won't undertake more than you can accomplish. In other words, don't forget the hot July weather, when it is much more pleasant to go swimming than to hoe weeds. After a happy Springtime of planning and planting, a sweaty hard Summer of hoeing and harvesting and a pleasant Fall of more harvesting and retrospection, what more does a T. G. want?

Seedtime and Harvest are two things we can be sure of, so forget News Commentators for a while, study seed catalogs and really enjoy being a True Gardener.

DIRECTIONS

By carefully reading and observing the following directions, mistakes will be largely avoided, and your order can be filled more promptly.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more, let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz. and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped by Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 8c for the first lb. and 1c for each additional lb. of your order, allowing 2 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 8c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE—In all orders received before April 1st we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value we would be pleased to hear of it.

If you cannot use this catalog or receive more than one, will you kindly pass it on to someone interested? Thank you.

NOTICE—I do not warrant in any way, express or implied, the description, quality, productiveness or any other matter pertaining to any seeds, bulbs, plants, shrubs or trees sold by me, and I will not be in any way responsible for the crop.

However, all complaints are carefully looked into and I try to adjust them satisfactorily to all.

SEED DEPARTMENT

"STERLING STRAIN"

Follow the mark of "Sterling." We are always looking for the best strains of seed and where we find a superior one we place the sign of "Sterling" on it, thus (S). All other seeds listed are direct from Burpee unless otherwise noted.

"Burpee's Seeds grow and are the best that grow." We carry Burpee's Garden and Flower Seeds and you can purchase them from us as reasonable as you can get them elsewhere, and sometimes much cheaper.

Sterling Strain Fordhooks ready for the Block

PEAS

THOMAS LAXTON, BLUE BANTAM, LITTLE MARVEL, WYOMING WONDER, CARTER'S DAISY and TELEPHONE are the gardener's favorites for table use and for canning. Sow these six kinds together and they will follow each other through the season.

World's Record, Thomas Laxton, Laxton Progress and Wyoming Wonder are the four kinds used for market. The prices quoted below for bushel lots are cash prices. Add 50 cents per bushel for time. Even though Peas should not pay as a market crop, the vines make fine green manure for Cauliflower, Brussels Sprouts and late Limas. Sperton or Cuprocide keeps the seed from rotting in cold ground. We have both for sale. See page 56.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice.

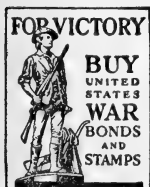

Terms strictly cash.

I make my prices just as reasonable as is possible consistent with the quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than in anything else that "the best is none too good."

In sowing Timothy alone without Clover, use 15 to 20 lbs. to the acre. If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

All our Clover and Alfalfa Seed grown in the Northwest U. S. A. Special prices on bag lots. Ask us about them.

A nice combination of Lawn, Shrubs and Flowers

LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, recleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure, if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal or Bovung, especially good for lawns. Use three inches of top soil or humus if too light.

Sow in the early spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn, always cover it with a top dressing of sand or soil and fertilizer. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

We will do your grading and seeding for you at a very reasonable cost. We would appreciate a chance to figure on your job.

VIGORO

Victory Garden Fertilizer

For Food Production Only

Made According to Government Orders

You should use this Fertilizer in your Victory Garden this year because:

1. Vigoro-Fed means "Mineral Rich" deliciously flavored vegetables for you.

VIGORO (Cont.)

2. Vigoro encourages quick, steady, early growth that makes for top flavor, tenderness and texture.
3. Vigoro encourages large yields.
4. Your Garden will be more disease resistant from using the 11 elements that Vigoro always supplies, thus encouraging healthy plant growth.

V-C VICTORY GARDEN FERTILIZER

The Virginia-Carolina Chemical Corporation is complying with all Government regulations. Therefore our Victory Garden fertilizer consists of 3% Nitrogen, 2½ units of which comes from organic sources, 8% Phosphoric Acid and 7% Potash.

The price of this fertilizer will be displayed in my seed house according to law.

The Government says that we may **not** sell any fertilizer containing chemical nitrogen for use on lawns, golf courses, parks, cemeteries, roadsides or non-commercial plantings of trees, also for melons or cucumbers.

Any person who wilfully violates any provision of this order or who wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction, may be punished by a fine and imprisonment and may be prohibited from making or obtaining further deliveries of fertilizer.

STALEYMON

A new product for treating seeds, bulbs, seedlings, cuttings, etc. to stimulate root growth and thus make better, stronger plants that will produce more and will stand dry weather and insect infection better. "Staleymon" is not a fertilizer, not a fungicide, not an insecticide. It is used in addition to these products.

Every user of "Staleymon" should secure from us a booklet telling about this new product. Full directions for use are inside each pkg. along with a measuring cup.

An Attractive Cape Cod Cottage at Nassau Farms

REAL ESTATE DEPARTMENT

I have many choice lots, plots, houses, bungalows and farms on my lists for sale and for rent. If you are interested in Eastern Long Island Real Estate, get in touch with me at your earliest convenience.

I am always willing to consult, advise or act as your agent if you are desirous of buying or renting out this way or of selling property you own in this vicinity.

I am a Licensed Real Estate Broker and have been buying and selling Real Estate since 1926.

Why not put some of your surplus money into land this year? It will be here for you to enjoy when the war is over and we have peace.

NASSAU FARMS

Sixty acres laid out and developed by myself. There are forty houses and bungalows already built and occupied not only in the Summer time but some of them are year 'round homes, at Nassau Farms.

I own three large water-front lots, 70 ft. or more frontage on Bay Avenue and Baldwin's Creek and over 250 ft. in depth. These lots overlook Peconic Bay and face the west, where the prevailing winds come from. The waterfront has been improved. Sandy shore and good depth of water in front of the lots. Priced at \$900.00 each. Three adjoining lots were sold in 1941 and two nice homes have been erected on them.

Six-acre plot with large pond and island with rustic bridge. There is a good windmill suitable for irrigation or connecting with running brook and a goldfish pool. Also a stone fireplace in a fine grove of oak and cedar trees surrounding the pond. About four acres of this plot are clear. Soil is good gardening soil suitable for beans, peas, cauliflower, sprouts and such like crops. Chinese elms, fruit trees, asparagus roots and blackberries have been set out on this plot in large numbers. The northwest corner of this plot was sold in 1941 and a nice bungalow erected.

NASSAU FARMS (Cont.)

This beautiful plot has frontage on two town roads and only a few hundred feet from Peconic Bay. Will sell frontage on Bay Avenue or Sterling Road at a reasonable price per front foot, or sell it all in one plot.

A large map showing location, size and price of all the lots and plots at Nassau Farms can be had for the asking. Ask us for one.

A five-acre plot of good soil, suitable for any crop. This plot has 70 ft. of frontage on Bay Avenue and 20 ft. on Baldwin Creek and is very reasonable at price of \$3,500.00. Good terms can be arranged on all the above pieces of property.

Five large lots on Lilac Lane and 425 ft. on Sterling Road. Some of this property is wooded and some is clear land. From 150 to over 200 ft. in depth. Your choice of any of these lots and plots at a very low price per front foot. Nothing less than 70 ft. front sold.

HURRICANE HALL

This is the old Horton House, built over 200 years ago. I have had it moved to higher ground and rebuilt so that it is a very well built house and ready for occupancy. There is electricity and running water.

Instead of giving a full description of this old salt-box type house, I am extending to any one interested an invitation to stop in and look the place over. Keys at my place or at Mrs. Leslie's.

The house stands on a large plot of ground, 140 ft. on Bay Avenue and over 240 ft. in depth. And it also includes 70 ft. of frontage on the improved waterway across Bay Avenue on Baldwin's Creek, leading out to and overlooking Peconic Bay.

There is also a five-acre plot adjoining that can be included with Hurricane Hall, making nearly six acres in all.

Have priced Hurricane Hall at a reasonable price, considering location, construction and permanent value, and very good terms can be arranged.

STERLING INLET AND OTHER LOTS AT NASSAU POINT

Three large lots at Nassau Point, Nos. 224, 225 and 226. These lots front on Wunnawetta Harbor on the west and there is good depth of water from these lots through a deep channel to Peconic Bay. Each lot has more than 100 ft. frontage on the water and over 300 ft. in depth.

Large oak trees cover the whole plot and there is a small pond in the center. The combination of high ground and low ground makes this plot one of the potential beauty spots of Nassau Point.

The three lots are to be sold in one large plot only, not separate, and I have priced them at \$5,000.00. One-third cash. Balance at 4% if desired.

Have the sale of five large wooded lots near Sunset Bluff on Broadwaters. A wonderful view and a good harbor makes this plot another outstanding buy. Also a large corner lot just back of Sunset Bluff near the Cove. These lots are priced at \$1,000 each.

Peconic Bay at Nassau Point. 100 ft. on the Bay and over 300 ft. deep. Priced at only \$3,500. The best buy on the Bay.

CARRINGTON PARK AT NASSAU POINT

Ten large lots near Horseshoe Cove and Wunnawetta Harbor. Four of these lots, Nos. 421, 422, 423 and 424, are located on the east side of Little Peconic Bay Road and are wooded, with good elevation and I have priced these four at \$500.00 each or the four for \$1,900.00.

CARRINGTON PARK (Cont.)

Six of the lots at Carrington Park are west and north of Vans-ton Road. They are well wooded, high and very near the Cove, as fine inside lots as can be found anywhere. Your choice of any one of these six lots for \$750.00. You can best appreciate these choice lots by looking them over. We have cleared them up recently and you can now see what fine lots they are. They are nicely wooded.

LONG ISLAND SOUND

2,000 ft. frontage on beautiful Long Island Sound. Some of it west of Duck Pond Road, but most of it to the east. High elevation, fine view, good depth. Priced at \$25.00 per front foot. Some for less.

I have many other attractive plots on Eastern Long Island. Would be pleased to show them to you.

Ask me for prices and descriptions on any of these attractive lots and plots, farms, houses and bungalows.

LAUGHING WATER

A beautiful waterfront lot in this new development. Oak woods cover the lot and a good oiled road leads to it. Very near Peconic Bay. Priced right. Make us an offer.

COUNTRY CLUB PARK AT NEW SUFFOLK

A 20-acre wooded tract overlooking Peconic Bay and adjoining the North Fork Country Club Golf Course.

This tract fronts on New Suffolk Avenue, where there are many beautiful Summer homes. There are many choice lots along this Avenue to choose from and they all have free access to the Bay, as there is a 33-ft. roadway leading direct to the Bay, owned by the same people who own Country Club Park, and the right to use this roadway to the beach and Bay goes with the title to your lot.

FISHERMAN'S BEACH

Peconic Bay frontage. A nice lot on beautiful Peconic Bay. This lot has 65 ft. on Peconic Bay. Good fishing, clamming, crabbing, a safe harbor and swimming right at your front door. Beautiful, sandy beach. Priced very low.

FIVE GOOD FARMS

Twenty-eight acres at Southold. One of the best potato farms there is on Long Island. House and buildings in the very best condition. All improvements. 375 bu. potatoes per acre is the average crop yield for this farm. Priced at \$25,000.00.

Twenty-seven-acre farm located on the North Road at Cutchogue with about 600 ft. on Long Island Sound and the same frontage on the North Road. Priced at less than \$300.00 per acre, this is an outstanding bargain.

One hundred eighteen acre farm at Peconic. 80 acres of this farm is as good land as can be found anywhere. The balance is good shore front. Priced at \$850.00 per acre.

Forty-five-acre farm with beautiful Sound frontage. An old salt-box house in good repair with barn and outbuildings. Most of this farm is good potato land and balance is good for beans, cauliflower, etc. Some woodland. Prices and terms on request.

Seventeen-acre farm on the main highway at Cutchogue. Good buildings and over half of it good potato land. Priced at \$10,000.00.

FIVE GOOD HOUSES ON OR NEAR WATERFRONT

House at Fleet's Neck, all furnished, with heater and other improvements. This house is on a large lot and also has a 10-ft. right of way to channel suitable for a fair sized boat. For sale or rent. Sale price, \$5,250.00. Will rent from early to late for \$400.00.

Nassau Farms. Four-room cottage with all improvements, located on Little Creek and overlooking Peconic Bay. A beautiful location in the woods, a nice house, furnished. Priced at a very reasonable figure with good terms.

Nassau Farms. Six-room bungalow. Four bedrooms, large living room and dining room combined, kitchen, screened porches, improvements. The lot has 100 ft. frontage on Pine Tree Road and is about 150 feet deep. Priced very low.

Large house at New Suffolk ready to occupy. Four large bedrooms, living room, kitchen, sun parlor, laundry, fireplace, all improvements. Oil heat, two-car garage. Practically all furnishings to go with house. Ask us for price and terms.

Nassau Farms. Five rooms and bath. Three bedrooms, large living room with fireplace, kitchen. All improvements except heater. Furnished. Large lot with 70 feet on improved waterway. Priced at only \$5,000.00.

The above houses and farms are quoted with the understanding that prices may be changed or the properties may be taken off the market without notice.

I have many other pieces of property, bungalows, farms and shorefront on my list. Let me know what you are looking for and I will try my best to help you.
